

CONSORTIA DEVELOPMENT FUND
BUSINESS PLAN 2008-11

Annexe 2
Project leads

The Isle of Wight Rural Community Council is the only dedicated infrastructure body on the Island and will be the project lead for most elements of the plan.

It is possible that an Advice Plus bid will be led by Citizens Advice Bureau or Age Concern. This will be decided at a bid development meeting in January 2008.

The development work around a possible Futurebuilders bid is currently being led by the Riverside Centre and if it is decided that a full bid is to be pursued, the lead body for this will need to be confirmed in quarter 1, 2008/09.
